

WHAT IS BIBLICAL VOTER REGISTRATION?

Thank you for registering to vote—this is one of our most cherished American privileges.

As Christians, we are enjoined to register for the party that best honors God and His Word. After this initial step, it then becomes our duty as citizens to elect candidates who promise to represent our beliefs. For Christians, that means casting ballots for those who will legislate based on God’s absolute moral truth, as defined in the Bible.

Our decisions decide who will rule in government. Elected officials are either Godly, representing time-honored Judeo-Christian ethics, or ungodly and potentially wicked. We must become educated voters who then freely choose to express our faith in local, county, state and national races.

Registering to vote Biblically includes our willingness to apply what the Bible says on the issues of life, marriage, family and Israel. We align our faith to the party that most represents our values. It is remembering, as Christians, we are obliged to honor the Lord in our associations, as it says in Psalm 1:1: *Do not stand in the way of sinners, walk in the way of ungodly, or sit in the seat of the mocker.*
