## TRAINING BIBLICAL VOTERS

[www.BiblicalVoter.com](http://www.BiblicalVoter.com)

In every election the church or community group must participate with one or more of the following: Biblical voter registration drives, ballot-gathering where legal, Biblical or Candidate Election Forums, distributing or linking to biblical voter guides, etc.

### The Goal is to GET OUT THE VOTE! (GOTV)

- Help Christians be informed on how to vote biblically following the election checklist bookmark – [free download](#). Do everything on the list and check it off as you complete each task.
- How you cast a vote is important. There are two ways; either a mail-in ballot or go directly to your polling location.
- Polling Location: We recommend going to your polling location and/or surrendering your absentee mail-in ballot at your local polling location and voting on the spot. This prevents more opportunity for fraud.
- Absentee Mail-In Ballot: If you are using an absentee mail-in ballot be sure that it is clean and clearly marked or it will be rewritten by someone you don't know at the Registrar of Voters office. In addition, under the new election laws, you may bring your ballot to

church and, if you have a participating church, may turn in your ballot to a designated gatherer.

- Training in Ballot Gathering: Available on on [www.BiblicalVoter.com](http://www.BiblicalVoter.com) under video “Freedom of Preach.” It is important participating churches make sure ballots are properly gathered and turned into the Registrar of Voters office in a timely manner. Personal church training is available upon request.
